Neptune Meet Setup Guide

Updated January 12, 2017

This document explains how to setup a meet, including creating the meet file and uploading it to Swim Connection; downloading entries and sending registration and entry reports to Pacific Swimming and reconciling issues; sending psyche sheet, preliminary timeline and T-shirt reports.

Table of Contents

1.	SET UP MEET DATABASE FILE	2
2.	SEND OUT EV3 FILE OR UPLOAD TO SWIM CONNECTION	10
3.	FORCE CLOSE MEET	12
4.	AFTER THE MEET CLOSES	13
5	AFTER TIME VERIFICATION RESPONSE FROM PACIFIC SWIMMING	23
6	AFTER REGISTRATION VERIFICATION RESPONSE FROM PACIFIC SWIMMING	24

1. Set up meet database file

Get meet sheet from meet director to create the meet file. Print it out and highlight information that goes in the database per below, as well as anything in the schedule that differs from the pattern such as missing sequential event numbers, mixed events, relays, 25 yard events that require the timers to move, or events requiring minimum time standards in a meet that otherwise accepts no time. Bring the printout to the meet for reference. If the meet sheet is not yet sanctioned, make sure to edit the file later with the sanction number before uploading to Swim Connection.

1.1. Create new file

Create folder for this meet, and put the meet sheet file in it.

Start Meet Manager and select File, Open / New.

For existing meet file from a previous year remove entries by:

File Purge Remove data selectively Select Entries/Results, Athletes OK

For new:

Browse to the new folder, then name the file with year and then name of meet and click OK.

```
Fill out the Meet Setup page:
       Meet Name: include year, i.e. 2014 Neptune Fall Classic
       Location including pool name, i.e. Finley Aquatic Center, Santa Rosa, CA
       Start and end dates
       Age-up date: in eligibility section. Usually the first day of the meet.
       Enter altitude of pool - n/a for Bay Area, but here are some approximates:
              Petaluma Swim Center 17'
              Napa Valley Community College 33'
              Vallejo Cunningham Aquatic Complex 62'
              Rohnert Park Honey Bee 105'
              Santa Rosa Finley 117'
              Santa Rosa Junior College, Ridgway 155'
              Ukiah High School 693'
       Meet type = Time Standards for CBA meets, Standard for Superleague/Senior open meets, and
       Divisions By Event for High School Meets.
              Note: if time standards is picked for an open meet, all the entries get converted to NT.
              But when you switch it back to standard, it asks you to reconvert to yards or meters, and
              it fixes the problem.
       ID Format = USAS
       Host LSC = PC
       Class = Age Group for C/B/A, or Senior/Open, or High School
       Meet Style = Standard
```

Base country = USA DQ Codes = Custom DQ Codes Course = Yards, Long Course Meters or Short Course Meters, depending on venue and season Time Adjustment Method = FINA rules Select touch pads on both ends if true Click OK

1.2. Add events

If you are editing a previous meet file that has been purged and need to make global changes to all events such as number of lanes, entry fees and fast-to-slow/slow-to-fast, make those changes under Setup Options.

Create the events by clicking on Events tab, then click Add.

If this is the first time entering events since the program launched, set the following:

Enter first event number, *typically 1* Select Alt Gender, to automatically switch back and forth girls to boys Select Gender = Girls, or Women for senior meets Round 1: Lanes, *i.e.* 7 or 8; meet sheet may say up to a maximum number of lanes, so ask head referee how many lanes Enter number of lanes for best number of heats and then select it, *i.e.* 7 or 8 and 1 Assign lanes = standard Event "Entry fee"; in Entry Fee section, i.e. \$4. Not to be confused with meet participation fee charged once per swimmer per meet, also listed in the same section. Event Type = Standard Select Pads at Both Ends if applicable, and not already selected per the meet setup section above Round 2 or Round 3, if applicable to any of the events, as written in Rules and Schedule of Events: Number of lanes, *i.e.* 7 or 8 Heats in finals, i.e. 1, or 2 for consolations Then for each paired set of individual events that occur in sequential order: Select whether it is Individual or Relay. If boys and girls are mixed, select Mixed. Otherwise make sure gender is correct. Select Age Group, or for custom, enter i.e.13 in left box and 109 in the right box for 13 and over Select Distance, i.e. 200 for 200 yards. Select Stroke, i.e. Freestyle. Select Rounds = Timed Finals, or Prelims and Finals. Round 1 Heat order = typically fast to slow for all races; in Rules section; slow to fast for Masters. If event is only 2 years wide, make sure Multi-Age Group is not selected. But if the event is wider than 2 years, split up the event in to 2 year intervals by clicking on the box to the right of Multi-Age Group. This brings up a dialog box that allows you to split up the age groups; press US 5 year to get it split up. For example:

8 and under: 0-6, 7-8 9-12: 9-10, 11-12 11 and over: 11-12, 13-14, 15-16, 17-18, 19-109 13 and over: 13-14, 15-16, 17-18, 19-109 Open: 0-6, 7-8, 9-10, 11-12, 13-14, 15-16, 17-18, 19-109 Note: this can be time consuming, so instead of entering events sequentially, enter all events with the same multi-age breakdown, then go back and enter the next set of events with a different age breakdown, etc, instead of switching back and forth every two events. Check Meet Sheet to determine whether to select Score Event; *typically all are scored*. Round 2 or Round 3 Finals heat order, if applicable: *typically fast to slow; in Rules section*. If High School Meet, select JV or Varsity for Division. Click OK to save girls event, which then preloads the next event number as a boys event. Click OK to save boys event.

If events are not in sequential order, do the same except also edit the event number.

If skipping a girl or boy event, do the same except: Edit event number. Select Gender. Do not click OK the second time. Select Gender = Girls.

Click Cancel to get out of the event creation loop. Then compare entire list of events to meet sheet to insure there are not any errors.

When done entering events, compare whole list to meet sheet to verify it was entered correctly.

1.3. Create sessions

Click Sessions from the Events page and click Add.

For each session:

Enter Session Number = 1, 2, etc.
Enter Name = i.e. Saturday, or Saturday AM
Enter Day = 1, 2, etc
Enter Start Time; in meet sheet Time section
Interval = whatever head referee wants, typically 30 sec prelims/timed finals, 45 sec finals to announce names
Extra backstroke interval = whatever the head referee wants, typically +15 seconds
Course = yards, or SCM or LCM
Max entries for meet events export to TM:
Max entries including relays; in Rules section, typically 4 + number of relays
Max individual entries; in Rules section, typically 4
Max relay entries; in Rules section, typically the number of relays
Click OK. This preloads the next session. Edit title, re-enter max entries, and edit day if applicable.

Click Cancel to exit session adding loop.

Add events to each session by: Select the session. Double-click on each event to add.

Enter any breaks, in number of minutes, that will occur after any event that is prescribed by the head referee, such as 5 minutes before and 5 minutes at the end of a block of 25s where timers need to move to the other end of the pool, or anything listed on the list of events.

If any two events are to alternate boys and girls, enter the event number to alternate with in the Alt column, and the other event will be auto-filled with the correct event to alternate with.

Close Session window.

Close Events window.

1.4. Other settings

Up to the meet director and head referee. Click Setup.

1.4.1 Seeding preferences:

For trials and finals meets: Select Setup, Seeding Preferences Enter number of prelim heats to be circle seeded if applicable, *typically 3* Enter final seeding, *typically standard but could be circle seeding for championship meets*

For Masters meets that use lanes 2-7 out of 8: Standard Lanes tab Lane Preferences for Seeding In 6 lane column, put 453627; will not assign lanes 7 and 8 Click OK

1.4.2 Entry/Scoring Preferences:

Select Setup, Entry / Scoring Preferences

Scoring Awards tab, for scoring meets:

Enter maximum scorers per team per event for individual and relays, if noted in Scoring section of meet sheet such as high school league championships.

Top how many for award labels, if awards are to be given per Awards section of meet sheet; fill in individual and relay from meet sheet Awards section, *i.e.* 7 and 7; may not print all during meet, such as for 13 and over, or may not have any awards, a.k.a. ribbons

Entry Limits tab

Maximum entries per athlete including relays for all days of the meet; see meet sheet Maximum individual entries per athlete for all days of the meet; see meet sheet Maximum relay entries per athlete for all days of the meet; see meet sheet

Time Stds Meet Tab, if a time standards meet, if applicable:

Select points awarded based on Seed Time

Select Points and awards given to Over achievers, *i.e. if a B swimmer gets an A time* Select Points and awards given to Under achievers, *i.e. if an A swimmer gets a B time*

Click OK to exit Entry / Scoring Preferences.

1.4.3 Report Preferences:

For CBA meets, select Flag Over-achievers with a "+"

- 1.4.4 Team scoring setup, if applicable: in Meet Sheet Scoring section Select Setup, Scoring Setup, Alternative Edit individual and relay points vs. place per meet sheet in Scoring section of meet sheet. Click OK to exit Scoring Setup section.
- 1.4.5 Add swimmer or team participation fee, if applicable per Entry Fees section of meet sheet: Go to Reports, Teams. Click Entry Fee Summary. Type participation fee in Athlete Surcharge, *i.e.* \$8, or Team Surcharge, *i.e.* \$400. Click X

1.5. Set up time standards

1.5.1. Download time standards

Applicable if awards are being given; not necessary for an open team-scoring only meet like Super League. As of 10/1/2014, there are several sources of time standards, and there are no 2014-15 Far Western standards posted yet. You only have to do this once after any standards change.

Pacific Swimming web site:

Go to <u>www.pacswim.org</u>.

Click Times, Time Standards.

Click [year range] USA-S Motivational Standards for Hy-Tek Meet Manager and download STD file to meet database folder.

Click 8 and Under Time Standards and download PDF file to meet database folder. Click [year range] PC Junior Olympics Time Standards and download PDF file to meet database folder. *Hopefully an STD/ST2 file will be posted for JOs and FWs in the near future.* Extract USA-S STD file from ZIP file using Windows Explorer.

Copy STD file to c:\HySport\SwMM2\ using Windows Explorer for Meet Manager 2.0.

1.5.2. Import time standards

You only have to do this once after any standards change. In Meet Manager, go to Events, Standards.

If you are updating any time standards from the previous year, delete the time standards first in the Tag box in the lower left corner by selecting them and then clicking the X.

Click Import.

For USA-S motivational standards:
Browse to unzipped USA-S STD file and double click on it.
Double-click on AAAA time and verify it adds a column and updates it.
Repeat the process for AAA, AA, A, BB and B.
If there are any time standards that don't match up exactly, such as a 9-10 event that needs the 10 and under standard:
Select Custom Age Groups
Enter for Use this age group's time standards, *i.e. 0 and 10*

Enter For, *i.e. 9 and 10* Click OK.

1.5.3. Manually edit time standards

You only have to do this once after any of the time standards change.

For PC 8 and under time standards:

Browse to unzipped PC 8 and under time standard PDFs and open them. Manually enter A and B times in to 6 and under, then copy down to 7-8. Leave the rest of the 6 and under and 7-8 columns blank, such as AA, AAA, atc.

For JOs:

Click on white paper icon to add tag, and name it "JO". Browse to JO time standard PDF and open it. Manually enter times in to all age groups: 10 and under in to 0-6, 7-8 and 9-10. 11-12 in to 11-12. 13-14 in to 13-14. 15-18 in to 15-16 and 17-18.

For C:

Click on white paper icon to add tag, and name it "C".

Leave standards blank for 19 and over, since none apply to them.

1.5.4 Set up time standards for scoring

For CBA meets, select C, B and A in the Scoring column.

1.5.5 Export time standards for next meet

To be done only once after time standards change.

Click Export, Yes.

1.5.6 Import time standards from previous meet

To be done after one meet has been set up with the latest time standards.

Move STD file from meet to copy to c:\HySport\SwMM2\ using Windows Explorer for Meet Manager 2.0.

Click File Import, Time Standards.

Click Import.

Double-click on AAAA time and verify it adds a column and updates it.

Repeat the process for AAA, AA, A, BB, B and JO.

If there are any time standards that don't match up exactly, such as a 9-10 event that needs the 10 and under standard:

Select Custom Age Groups Enter for Use this age group's time standards, *i.e. 0 and 10* Enter For, *i.e. 9 and 10* Click OK.

Note: if an event/age group wasn't swum in the earlier meet, the time standard doesn't come over, so you might want to create a dummy meet file to export with all the events.

Click on white paper icon to add tag, and name it "C".

1.5.7 Select time standards

Select B, A and AA Time Standards so they show up in the Meet Program at the top of each event, and after each swimmer's time in Results, except for C and special minimum standards such as "MIN" made up just for the meet.

See which standards are used for scoring per the Awards section in the meet sheet, and select them. *Typically C*, *B* and *A* only for C/B/A meets; do not select BB, AA, AAAA, JO or FW.

1.5.8 Add qualifying times

Check the meet sheet for any events with qualifying times. For instance, the open 500 free may have different slowest times for girls and boys listed in the event table. If so, then:

If the time standard does not line up with an existing standard across all age groups within an event, click on white paper icon to add tag, and call it "MIN" and type the time standards in for each event.

Click Custom Qual Times box. Two new columns appear.

In the new Equals or Faster column, select the correct time standard for each even that has one, *i.e. "MIN", or "A" for long events or Zones.*

Click X to exit Time Standards. Click X to exit Events.

If there are any questions from officials about the time standards entered for a meet, create a report, save as PDF, and send to officials. Note that some event age subgroups do not have all standards, which is consistent with what is posted in the standards PDFs.

Example time standards report, missing Far Westerns:

Westside Aquatics Team

Hy-Tek's MEET MANAGER 10/13/2014 Page 1 2014 Swim Like the Dickens - 12/12/2014 to 12/14/2014

1.6. Back up database file

Exit out of Meet Manager and back up meet file by manually making a copy, appending the name of the file with the timestamp of the backup time and date and " upload to swim connection", and place in a backup folder.

1.7. Create EV3 file

If uploading to Swim Connection, in Meet Manager main menu, click File, Export, Events for TM.

Make sure information presented is correct; if so click Yes.

Select multi-cut order YSL for short course yards, and LSY for long course meters.

Make sure Do Not Convert to yards is selected, then Click OK.

Browse to your meet folder to save the file. Then click OK and files will be zipped.

In Windows Explorer, unzip the new file. The file will be named something like "Meet Events-2014 Neptune Fall Classic-27Sep2014-001.zip". An EV3 and HYV file should have been created.

2. Send out EV3 file or upload to Swim Connection

For limited team meets like Super League, email the EV3 file as an attachment to the meet director for distribution to participating teams. For CBA and other large meets:

Go to the swim connection entry web site ome.swimconnection.com and log in. Obtain user name and password from head coach.

Click My Meets, Add New Meet.

Select Pacific Swimming as Swimming Association and click Continue.

Select Load info from a HyTek meet file and click Choose File, or select a previous meet on SwimConnection if there were a lot of custom configurations such as Neptune Invitational.

Browse to the .EV3 file that was unzipped in the previous section, then click Continue. Meet will load.

On Core tab:

Enter Meet Code = SRN Enter Name i.e. SRN Short Course C/B/A+ Enter Additional Name i.e. Fall Classic Enter Host = Neptune Swim Club Close date = see meet sheet Online Entries section for date, then enter 11:59 PM for the time of day. Select Meet Type = Time Standard for CBA and invitational If you have any events that have qualifying times, select Allow Qualifying Times, but select No for Allow Bonus Events. Enter fee per swimmer, i.e. \$8.00. Enter fee per event, i.e. \$4.00. Fill in payment information per meet sheet Mailed or Hand Delivered Entries section. Verify all other information is correct when compared to the meet sheet. Click Choose File under Meet Sheet Browse to final sanctioned meet sheet PDF version Select Software = Hy-Tek Meet Manager If invitational, select Restrict Teams and fill out list of teams invited. Click Save.

On Sessions Tab, for each session:

Select session.

Click Edit.

Fill in Name, i.e. "Saturday".

Make sure course selection is correct, i.e. "SCY".

Fill in note with schedule information, i.e. "Warm ups 7:30AM-8:45AM. Session starts at 9:00 AM."

Make sure session Max Total Swimmers and Max Total Entries are both blank – might need to delete the latter..

Make sure max individual entries matches the meet sheet.

Select Lenient if deck seeding only.

Save.

Select session again.

If most events do not have a time standard, Click NT OK; otherwise Click NT NOT OK.

Click Events Tab:

Make sure all the events uploaded and are correct.

If there are any events that have time standards but you selected NT OK for the whole session, for each event that needs a time standard:

Select Event. Click Edit. Click Show Add Event Details. Select course = SCY Select NT Allowed = No Type in qualifying time, do not fetch it. Select Equal to or Faster. Click Save.

If there are single year age group entry times, need to delete events and add one event per age with same event number.

For single age group invitational, the age groups in each event get combined in to one event with the youngest time standard. So if this is the first time you set up such a meet, you need to change the first event of each session to only the youngest age, delete all subsequent events in the session, then rebuild them with single ages, so event 7 11-14 is now 4 event 7s, 11, 12, 13 and 14. They cannot be reordered, hence the need to redo them. You also need to type in the qualifying time, i.e. USAS single age group BB, in to each of the new sub-events.

Note: we do not know how to enter the qualifying times as of 1/12/2017. Adding new events leaves nowhere to add the qualifying times, even when Allow Qualifying Times has been checked in the Core tab. Only the copied over file from the previous year comes with qualifying times. This will require tech support from SwimConnection if any new events are added, or if any events are reordered.

Click Venues tab, and make sure everything is correct.

Under Constraints tab:

Enter Individual Swimmers Cap, from meet sheet Swimmers individual entries cap Lenient = Yes Click Continue.

Under status tab:

Select Read/Write access for yourself. Invite head referee and admin by entering their logins. Get information from head referee. Give read/write access to head coach, read only access to admin.

If you have any problems with the meet setup, ask Swim Connection staff for help:

Click Help hypertext in the upper right hand corner of the Swim Connection web page. Click Contact Us.

Either click their email address hypertext, <u>ome-support@swimconnection.com</u>, or cut and paste the address in to your email browser, and compose an email listing the meet, and the issue you are having.

Again under status tab, test the meet by clicking Start Trial. If you need to fix something, go back to this page and click Fix Configuration. You can do this loop as many times as required to get it right.

Go to Enter Meets, select your trial meet, and do pretend entries of your swimmers to make sure it works. Try entering too many events per session, NT and too high of times for events that don't allow it, and times below, at and above qualifying times to make sure rejections only occur above qualifying times and for teams not invited to invitationals.

Once done testing, click that you have tested it, which will then invoke Swim Connection to put it out for entries.

3. Force Close Meet

The head referee will monitor the meet and decide if it needs to be closed early. They can force closure on Swim Connection directly, by requesting SwimConnection to do it remotely, or you can do it by:

Log in to SwimConnection Online Meet Entries. Go to My Meets. Select meet. Go to Configuration. Go to Constraints. Select Force Close = yes. Add close note, such as "12 and under 4 hour rule." Click Save.

4. After the Meet Closes

4.1. Download Entries

For CBA meets, Download SDIF entry file and T-shirt CSV file from Swim Connection:

Log in to Swim Connection Online Meet Entries.

Go to My Meets, and select meet.

Select Reports.

Select Generate and Email SDIF file for Computer Operator at meet.

Select Report Output = Email, enter your email address, and click Generate Report and OK to confirm. Select Reports.

Select Generate and Email CSV for T-shirt vendor.

Select Report Output = Email, enter your email address, and click Generate Report and OK to confirm. Check email and save the reports to your computer.

Unzip the SDIF report.

For Masters, download SD3 file from ClubAssistant

Club Assistant Website Swim competitions Entries Individual Events – entries Select SD3 file at the bottom of the form Select option 1, right click, SD3 file, save to computer

4.2 Download Entries

For CBA or Masters:

In Meet Manager, go to File, Import, Entries.
Browse to sd3 file you just unzipped.
Note that you will need internet connection while you do this – not sure why.
Select Match on Event Numbers and Include Entries with No Time, but nothing else, including enforcing qual times.
If there is a team name mismatch exception, select what is already in the database.

For limited number of team meets like Super League, import HY3 file for entries: Gather and unzip all the HY3 entry files you received. For each team: In MeetManager, go to File, Import, Merge Entries (MM to MM)

Browse to HY3 file Click Open Click OK Note number of atheletes and entries, then click OK

4.3 Run exception report

Select Reports, Exceptions Report.

Select all sessions.

Make sure max swims per session for individual and relays is correct.

If there are minimum standards to meet, select those standards.

Create Report. Note: if it says no data selected, click stuff and then try again and then it will work. This seems to be a bug.

If there is deck seeding, print out and give to Clerk of Course for highlighting checkin sheet to inform if there are any scratch downs required. If pre-seeded, send to head referee ASAP so they can work with the coaches to do scratchdowns before all the sheets are preprinted out.

Note: if two swimmers have the same first and last name, Meet Manager 5 merges them and you may not detect that there is now one swimmer with too many events and some of them hidden. Select "Show Swim-Ups" in the athlete view to see this. If you have this problem, add a middle initial or somehow change their name and then in the results email to Pacific Swimming ask them to undo the change.

4.4 Manually add more entries

Sources include postal mail, email, verbal and hand delivery.

Check with head ref to get permission to add any postal mail post marked after the close date.

Go to Athletes tab.

Click first letter of last name to and then scroll down to see if athlete is already entered. If already entered, select name and edit which events are selected and their entry times.

To add athlete, click Add, and enter name, birth date, verify reg number, then select team name and gender, then select which events they are entered in and enter their entry times. You can skip the colon but all entry times need the period.

If team not already in database or you notice an error:

```
Click Teams or schools
Add/Edit
Team Abbreviation, i.e. SRN or UN
Full Team name, i.e. Neptune Swimming or Unattached
LSC, i.e. PC, SN, CC, OR
X
```

Х

Verify payment is correct, if so, add note to entry form that they are entered and paid, listing check number. If Masters, Meet Manager will complain about reg number format: accept anyway. Return entries and checks to Meet Director.

4.5 Check entry time conversions

Verify all entry times are shown in the converted time column in the Athlete and Relay views. If not, go to File, Setup, Reconvert Entry Times.

4.6 Email registration verification SD3 and PDF files to LSCs

Go to Reports, Athlete Rosters. Under Report Type, select Detailed, Sorted by Team. Deselect Include Athletes with No Events. Create Report. Create PDF: Select Microsoft print to PDF printer Print to it Browse to database folder Name it "[meet name] registration verification report" X X Create SD3: File, Export, USA-S Registration. Accept default and click OK. OK when export finished. Browse to swim meet database folder such as c:\users\neptune\documents\meets\20161014 Fall Classic\ and click OK. Autonames the file such as sdif001.sd3.

Zip PDF and SD3 files together and name "[meet name]registration verification report.zip"

Email swimmer registration file reg* zip should to <u>office-membership@pacswim.org</u>, and cc head referee and admin. This will forward it to the person doing the job, which as of December 2016 is Laurie Benton, <u>Laurie@pacswim.org</u>. Note: the error report will not be sent back until 1-2 days before the meet to make sure the last registrations are picked up. If there are swimmers from other LSCs such as Sierra Nevada, send them a report too. You can filter on LSC when you make the report.

4.7 Email time verification CL2 file to LSCs

Note: as of February 2016 this process was no longer being done with a file that can be imported, only a spreadsheet or PDF that could require hundreds of manual entries, which is not acceptable. So this step can be skipped unless the process of creating an importable file is reinstated.

If the meet closes early, hold off until a couple of weeks before. You don't want this too early. Go to File, Export, Entries for SWIMS Times Recon Accept defaults and click OK. Browse to meet database folder to save it and click OK. Saves as zip.

For Pacific Swimming, email the time verification file SWIMS* zip to <u>timeverification@pacswim.org</u>, and copy head ref and admin. This will forward it to the person doing the job, which as of November 2014 is Annie Stein at <u>astein@pacswim.org</u>. Again, if there are swimmers from other LSCs, send them reports too.

4.8 Create Psych Sheet

For meet director and head referee for review, and potentially for sale.

Select:

- Reports
- o Psych Sheets
- Verify the following only are selected:
 - Gender = all
 - Rounds = all rounds
 - Indiv + Relays
- Select all sessions
- o Click Select All to select all events
- o Columns / Format tab
 - Columns = double
 - Format = nothing selected
 - Athlete ID = none
 - Time stamp = date and time
- Include in Psych sheet tab, select only:
 - Time Standards, if time standards meet such as CBA
 - Entry qualifying times, if applicable
 - Entry Times
 - (deselect line for results)
- o Filter / Sort Order Options
 - Filter = none
 - Sort Order = fast to slow
- Create Report

Example psych sheet for a time standards meet:

Neptune Swimming

- Click printer selection icon
- Select Microsoft print to PDF
- o Exit
- Click print icon
- o OK
- When prompted, name the file "[name of meet] Preliminary Meet Program"
- Save to swim meet database folder
- o OK

Or if you print the psych sheet on paper, select double sided.

4.9 Create preliminary meet timeline

- \circ If there are changes to start time or intervals from the original setup per the head referee:
 - o Events
 - \circ Sessions
 - For each session
 - Double Click on Session
 - Set Start Time, example 05:00 PM
 - Interval (typically 30 sec prelims/timed finals, 45 sec finals to announce names)
 - Extra backstroke interval (typically +15)
 - OK
 - X
 - X
- o Reports, Sessions
- Select All to select all sessions
- Include event start times
- Include heat and entry count
- Include *type entries
- Enter scratch factor, as prescribed by head referee; start with 3%
- Create report

		Finish Time			11:41 AM

- Click printer selection icon
- Select Microsoft print to PDF program
- o Exit

- Click print icon
- o OK
- When prompted, name the file "[name of meet] Preliminary Meet Timeline"
- Save to swim meet database folder
- o OK
- Verify 12 and unders are not scheduled to swim for more than 4 hours. If not, flag head referee for potential mandatory scratchdown.

4.10 Create Warm-Up Sheet report

This is so the head ref can tell each team how many officials they have to bring.

- Reports
- o Warm-Up Sheet
- o Select All
- Create report

Example page 1 of report, first day of 3 only shown:

Neptune Swimming

HY-TEK's MEET MANAGER 5.0 - 11/15/2015 Page 1 2015 Swim Like the Dickens - 12/11/2015 to 12/13/2015 Warm-up Sheet (Scratch Factor: 1%)

Warm-up Starts at 04:00 PM Session: 1 Friday Day of Meet: 1 Starts at 05:00 PM Total Athletes: 64 - Women: 48 - Men: 16

	Team	Women	Men	Total	Lane
SRN-PC	NEPTUNE SWIMMING	27	9	36	
SON-PC	SONOMA SEA DRAGONS	8	0	8	
MP-PC	MARIN PIRATES	4	1	5	
MCSD-PC	MENDOCINO COAST SEA DRAGONS	3	1	4	
UCD-SN	UCD AQUATICS	3	0	3	
UN-PC	UNATTACHED	1	2	3	
PCM-PC	PACIFIC COAST MARLINS	0	1	1	
TOC-PC	THE OLYMPIC CLUB	1	0	1	
UN-CC	Unattached	0	1	1	
WA-PC	WESTSIDE AQUADUCKS	1	0	1	
YPAC-PC	YMCA PACIFIC AQUATIC CLUB	0	1	1	

- Click printer selection icon
- Select Microsoft Print to PDF,
- Exit
- Click print icon
- OK
- When prompted, name the file "[name of meet] warm-up report"
- Save to swim meet database folder
- OK

4.11 Determine number of athletes

Go to Reports, Athlete Rosters. Make sure Athletes with No Entries is not selected. Create report. Arrow to last page and note highest number athlete, i.e. 577.

4.12 Email reports to meet director and referees

Email psych sheet, preliminary timeline and warm-up report to meet director, head referee and admin. Include number of athletes in body of text, and an offer to adjust the reports if needed.

4.13 Create and send t-shirt report

Only when tshirt vendor will be present. Ask meet director.

Open CSV file created by Swim Connection and add the last name, first name and team abbreviation for all swimmers manually entered.

Email to meet director so they can send it to the T-shirt vendor.

4.14 Back up database file

4.15 Return mail-in entries and checks to meet director

4.16 Replenish office supplies

Durable:

Regular stapler Heavy duty stapler Pencil sharpener Scissors REFEREE, COLORADO, ANNOUNCER, POST, AWARDS and ADMIN stamps

Consumables:

Red ink for stamps: *we need stamp ink* Laser jet toner, such as Kyocera FS-1370DN KX for Neptunes printers White printer paper Blue printer paper for reseeded events that have been posted Labels: 3x10 "Address Labels", 30 per sheet, 1" x 2-5/8", Avery 5160 or equivalent Spare mice batteries Red ball point pens Thick red Sharpie Thick blue Sharpie Regular staples Heavy duty staples Blue masking tape Orange highlighter Pencils

5 After time verification response from Pacific Swimming

5.10 Edit meet file with time verification report

Typically this file comes back within a few days of submitting it. Do this as soon as you get it to right away. Same as downloading file from Swim Connection, except import times only:

Download zip attachment from timeverification@pacswim.org, currently Frank Suchomel, frs@garlic.com.

Copy and unzip the PDF and SD3 files to the swim meet database folder.

Check the end of the PDF file and make sure the report name matches the meet name.

Check the first and last changed swimmer names and make sure they are registered in the meet to further verify this is the right file. Here is an example snippet of the end of the PDF file:

Yamaguchi, Tomosuke 09-10 (09) M 102704TOM*YAMA PC SRN Div Best Div Date 38.75 BB LCM 43.22 A 07/26 Changed to SCY 37.79 A Event Dist Stroke Entry Meet 50 Back SCY 07/26/14 2014 PC Zone 3 Championship 22 Changed to SCY Yang, Darrin B UN-08 (06) M 031008DARBYANG PC FOG Div Best Event Dist Stroke Entry Div Date Meet NT SCY 1:43.96 PC-B 08/29/14 2014 PC MAKO Age-Group Open Changed to SCY 1:43.96 PC-B 78 100 Free SCY " 09/27/14-09/28/14 Report for: "2014 Neptune Fall Classic Total Splashes: 2177 Swimmers: 375 No Time Entries: 433 PC Splashes: 2161 Swimmers: 373 Changed: 414 Swimmers: 180 No Time Entries: 364 Reported: 414 Swimmers: 180

In Meet Manager, go to File, Import, Entries.

Browse to sd3 file you just unzipped.

Verify the file information says "PC Time Check" and matches the meet information, then press OK.

Deselect everything except select "Update times only (no new entries)".

Press OK when complete.

An exception report may pop up if there are issues. For example a swimmer was registered as the wrong gender and those times popped up. But that will be fixed in the registration check.

5.11 Create final meet program

Create final meet program per Create Preliminary Meet Program instructions above, except when prompted, name the file "[name of meet] Final Meet Program".

Send file to meet director for printing, and to head referee.

5.12 Back up database

Exit Meet Manager and back up database.

6 After registration verification response from Pacific Swimming

This should come from to <u>office-membership@pacswim.org</u>, which as of September 2014 is Laurie Benton, <u>laurie4pc@aol.com</u>.

Save email attachment, usually called REGPROB.rtf.

Open report in text viewer to make sure it's the right meet,

6.10 Print registration issue list for clerk of course

Print the following report sections for Clerk of Course:

6.10.1 Unregistered or unpaid swimmers

Clerk of Course to highlight check-in to tell swimmer to see admin first for payment. Here is an example list of unregistered swimmers:

	RECONCIL	IATIC	ON F	OR 201	4 Nep	otune	Fall C	lassic	MEET	ON 09/	/27/20)14	
DATE	9/25/14										TIME	17:29:5	0
	CONTACT	Ну−Т€	ek,	Ltd		AT	866-45	6-5111					
PC		===== THE YOU =====	FOL MUS	===== LOWING T REGI ======	SWII STER	===== MMERS THEM ======	====== ARE NO BEFORE =======	T CURRENT: ALLOWING	======= LY REGIS THEM TO ========	===== TERED. SWIM. =====	== . . ==		
							ENTER	ED ENTI	ERED

6.10.2 Team affiliation change

Print out the team affiliation section for the Clerk of Course. Here is an example:

PC	======= ENTERED ========	====== TEAM IS =======	===== NOT =====	THE SAME AS	REGISTERE	====== D TEAM ======
SWIMMERS	ΝΑΜΕ	AGE	SEX	REGISTERE CLUB	D ENTERED CLUB	ENTERED REGISTRATION
HELLAR, SYDNEY		10	G	MP	LVA	061004SYDEHELL
PETERSON, CASEY		11	В	UN	OAPB	070503CAS*PETE
PETERSON, CODY		12	В	UN	OAPB	110101COD*PETE
PETERSON, SYDNEY	7	12	G	UN	OAPB	110101SYD*PETE
GARCIA, MAYA		8	G	SON	SOMA	112106MAYSGARC
LOPEMAN, LAURA		16	G	SRN	TOC	112197LAUCLOPE

THE DATE OF LAST COMPETITION WITH THE OLD TEAM IS NOT KNOWN. IF THE SWIMMER WANTS TO BE ATTACHED TO THE ENTERED CLUB, THE SWIMMER MUST COMPLETE A TRANSFER/CHANGE FORM SO THAT COMPLIANCE WITH THE 120 DAY UNATTACHED RULE CAN BE ENFORCED. IF MET, THE ENTERED CLUB MAY BE USED. IF NOT, THE SWIMMER MUST BE CHANGED TO UNATTACHED (UN). SEND THE TRANSFER FORM TO YOUR LSC REGISTRAR

6.11 Edit registration information in database

The next section lists team or unattached LSC and reg number discrepancies. Go in to Athletes to make corrections. Note you may also have to change their birth date, since it is locked to the first 6 digits of their reg number. If you need to create a new unattached LSC, go to Teams. Here is an example of the report:

										==
